Small sail: 7.5m<sup>2</sup> North Sails fully-battened laminate with bag. The sail fits on the same mast and boom. It has a smaller head and is suitable for heavy winds or light sailors.

1.450.00€

Wind Indicator to get mounted at gooseneck height in front of the mast

35.00€

Assembly of blocks and ropes: The boat comes with everything screwed and riveted to the boat. This service includes the assembly of blocks and ropes you would otherwise need to assembly yourself (like cunningham, vang, outhaul and mainsheet).

299.00€

Shipping/delivery: In case you can't collect the boat yourself like this customer with his VW Tiguan we take care of the shipping. Please advise location to which items should be sent, we enquire and pass on lowest offer.
